

EXEMPTION REPORT APRIL 2022 TO JUNE 2022

Date Received	Request Received	DTI Responses/Actions	Date the matter dealt with
31/03/2022	the dtic received an exemption request to supply Eskom with valves parts TENDER NO: OLT2019484	the dtic granted an exemption to import stem for check valves because the local industry has no capacity and capability to manufacture nuclear valves	04/04/2022
31/03/2022	the dtic received an exemption request to supply Eskom with valves parts TENDER NO: OLT2019236	the dtic granted an exemption to import stem for check valves because the local industry has no capacity and capability to manufacture nuclear valves	04/04/2022
01/04/2022	the dtic received an exemption request to supply Eskom with valves parts TENDER NO: OLT2015858	the dtic granted an exemption to import washers for butterfly valves because the local industry has no capacity and capability to manufacture nuclear valves	04/04/2022
04/04/2022	the dtic received an exemption request to supply Eskom Kendel power station with valves TENDER NO: 6000326913	the dtic granted the exemption because the local industry has no capacity and capability to manufacture high pressure, high temperature control valves based on the specifications	06/04/2022
30/03/2022	the dtic received an exemption request to supply City of Cape Town with valves TENDER NO: GB12200552	the dtic granted the exemption because the local industry has no capacity and capability to manufacture flush valve based on the specifications	04/04/2022
06/04/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 600030195	the dtic granted the exemption because the local industry has no capacity and capability to manufacture Diaphragm valves based on the specifications	14/04/2022
08/04/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: OLT2019236	the dtic granted an exemption to import control valves because the local industry has no capacity and capability to manufacture nuclear valves	12/04/2022

19/04/2022	the dtic received 3 exemption requests to supply City of Cape Town with valves TENDER NO: GB12200571	the dtic granted the exemption because the local industry has no capacity and capability to manufacture DZR ball valves, DZR Gate valves and pressure Control valves based on the specifications	03/05/2022
19/04/2022	the dtic received 3 exemption requests to supply City of Cape Town with valve products TENDER NO: GB12200572	the dtic granted the exemption because the local industry has no capacity and capability to manufacture taps based on the specifications	03/05/2022
28/04/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: OLT2023032	the dtic granted an exemption to import butterfly valves because the local industry has no capacity and capability to manufacture nuclear valves	05/05/2022
25/04/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: OLT2024020	the dtic granted the exemption because the local industry has no capacity and capability to manufacture solenoid valves based on the specifications	05/05/2022
29/04/2022	the dtic received an exemption request to supply City of Cape Town with valve products TENDER NO: 283Q/2021/22	the dtic declined the exemption because the local industry has the capacity and capability to manufacture 40mm Brass Lever Full Bore Ball Valves, 40mm PRV , and 25mm Brass Non Return Valve based on the specifications	09/05/2022
09/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: OLT2022182	the dtic granted an exemption to import Diaphragm valves because the local industry has no capacity and capability to manufacture nuclear valves	13/05/2022
12/05/2022	the dtic received exemption requests to supply Eskom with valves TENDER NO: OLT2024656 & OTL2024641	the dtic declined the exemption because the local industry has the capacity and capability to manufacture ball valves based on the specifications	13/05/2022
10/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: OLT2024797	the dtic granted the exemption because the local industry has no capacity and capability to manufacture high pressure, high temperature control valves based on the specifications	13/05/2022

12/05/2022	the dtic received exemption requests to supply Eskom with valves TENDER NO: OLT2025373 AND OLT2025434	the dtic granted the exemption because the local industry has no capacity and capability to manufacture solenoid valves based on the specifications	17/05/2022
04/05/2022	the dtic received an exemption request to supply saldanha bay municipality with valves TENDER NO: SBM 32/21/22	the dtic granted the exemption because the local industry has no capacity and capability to manufacture 80mm Underground Fire Hydrant valves based on the specifications	17/05/2022
18/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000315351	the dtic granted an exemption to import butterfly valves because the local industry has no capacity and capability to manufacture nuclear valves	19/05/2022
18/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000315351	the dtic granted an exemption to import Seat Deluge Style valves because the local industry has no capacity and capability to manufacture nuclear valves	19/05/2022
19/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000330794	the dtic granted an exemption to import Diaphragm valves because the local industry has no capacity and capability to manufacture nuclear valves	19/05/2022
19/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000277009	the dtic granted an exemption to import swing check valves because the local industry has no capacity and capability to manufacture nuclear valves	20/05/2022
18/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000331862	the dtic granted an exemption to import Pilot type control valves because the local industry has no capacity and capability to manufacture nuclear valves	20/05/2022
18/05/2022	the dtic received an exemption request to supply Eskom medupi power station with valves TENDER NO: 6000331172	the dtic granted the exemption because the local industry has no capacity and capability to manufacture high pressure, high temperature control valves based on the specifications	23/05/2022

04/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000264071	the dtic granted an exemption to import check valves because the local industry has no capacity and capability to manufacture nuclear valves	23/05/2022
19/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000327775	the dtic granted an exemption to import Diaphragm valves because the local industry has no capacity and capability to manufacture nuclear valves	25/05/2022
20/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000320580	the dtic granted an exemption to import globe valves because the local industry has no capacity and capability to manufacture nuclear valves	25/05/2022
20/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000331761	the dtic granted an exemption to import needle valves because the local industry has no capacity and capability to manufacture nuclear valves	25/05/2022
20/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000331765	the dtic granted an exemption to import solenoid valves because the local industry has no capacity and capability to manufacture nuclear valves	25/05/2022
21/05/2022	the dtic received exemption requests to supply Eskom with valves TENDER NO: OLT2026151 AND OLT2027474	the dtic granted the exemptions because the local industry has no capacity and capability to manufacture solenoid valves based on the specifications	25/05/2022
16/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: OLT2026128	the dtic granted the exemption because the local industry has no capacity and capability to manufacture solenoid valves based on the specifications	26/05/2022
30/05/2022	the dtic received exemption requests to supply Eskom with valves TENDER NO: OLT2027823 AND OLT2026156	the dtic granted the exemptions because the local industry has no capacity and capability to manufacture solenoid valves based on the specifications	01/06/2022
27/05/2022	the dtic received an exemption request to supply City of Cape Town with valves products TENDER NO: GB12200625	the dtic granted the exemption because the local industry has no capacity and capability to manufacture Pressure Relief, Copper-to-Copper,	01/06/2022

		Brass 22mm valves valves based on the specifications	
01/06/2022	the dtic received exemption requests to supply Eskom with valves TENDER NO: 6000296518; 6000314381 AND 6000329026	the dtic granted an exemption to import Butterfly valves, Panel Valves, Ball valves, and Globe valves because the local industry has no capacity and capability to manufacture nuclear valves	03/06/2022
03/06/2022	the dtic received an exemption request to supply City of Cape Town with valves products TENDER NO: GB12200624	the dtic granted the exemption because the local industry has no capacity and capability to manufacture stop tap valves based on the specifications	03/06/2022
23/05/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: MPGXC006674R1	the dtic granted the exemptions because the local industry has no capacity and capability to manufacture Isolation and deluge valves based on the specifications	15/06/2022
09/06/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: OLT2029939	the dtic granted the exemptions because the local industry has no capacity and capability to manufacture needle valves based on the specifications	15/06/2022
13/06/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: MPGXC006674R1	the dtic granted the exemption because the local industry has no capacity and capability to manufacture high pressure, high temperature control valves based on the specifications	15/06/2022
14/06/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000335335	the dtic granted the exemption because the local industry has no capacity and capability to manufacture solenoid valves based on the specifications	15/06/2022
03/06/2022	the dtic received an exemption request to supply Eskom with valves spares TENDER NO: 6000324532	the dtic granted an exemption to import globe valves because the local industry has no capacity and capability to manufacture nuclear valves	15/06/2022

14/06/2022	the dtic received an exemption request to supply Eskom with valves spares TENDER NO: 6000324532	the dtic granted an exemption to import Diaphragm valves because the local industry has no capacity and capability to manufacture nuclear valves	17/06/2022
13/06/2022	the dtic received an exemption request to supply Eskom with valves spares TENDER NO: 6000334961	the dtic granted the exemption because the local industry has no capacity and capability to manufacture high pressure, high temperature control valves based on the specifications	17/06/2022
14/06/2022	the dtic received an exemption request to supply City of Cape Town with valves products TENDER NO: GB12200624	the dtic granted an exemption to import pressure control valves because the local industry has no capacity and capability to manufacture valves	20/06/2022
08/06/2022	the dtic received an exemption request to supply City of Cape Town with valves products TENDER NO: 295Q/2021/22	the dtic granted an exemption to import globe valves because the local industry has no capacity and capability to manufacture valves	21/06/2022
20/06/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000277009	the dtic granted an exemption to import swing check valves because the local industry has no capacity and capability to manufacture nuclear valves	21/06/2022
20/06/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: WCKBG2410GG	the dtic granted an exemption to import Ball, safety relief and control valves because the local industry has no capacity and capability to manufacture nuclear valves	21/06/2022
13/06/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: OLT2029990	the dtic granted an exemption to import Butterfly valves because the local industry has no capacity and capability to manufacture nuclear valves	21/06/2022
06/06/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: MPS001/2022	the dtic granted the exemption because the local industry has no capacity and capability to manufacture high pressure, high temperature gate valves based on the specifications	23/06/2022

23/06/2022	the dtic received an exemption request to supply Eskom with valves TENDER NO: 6000308289	the dtic granted an exemption to import Butterfly valves because the local industry has no capacity and capability to manufacture nuclear valves	23/06/2022
------------	---	---	------------

Yours Sincerely

.....

Bonginkosi Mamba

Director: Capital Equipment and Allied Services, **the dtic**
